Job Description

Are you ready for an exciting career opportunity that will challenge you, inspire you, and allow you to grow both personally and professionally? Look no further! We are dedicated to investing in our employees' growth and development.

At Hitachi Construction Machinery we believe that our greatest asset is our talented and diverse team. Regardless of your position with us, you can make a real impact. You get a challenging role with sufficient variety and independence. You will also receive the time and support to make this function your own.

Person in this position will be responsible for compiling, structuring, analysing, and reporting on HR processes and data to develop insights and conclusions that help streamline HR processes throughout the organization.

What you will be doing

- Work extensively with data and gather essential insights that drive business administration decisions and present them to the stakeholders
- Supports several projects in HR field (one time actions) related to recruitment and selection, labor conditions, career planning, headcount, personnel systems and administration, etc.
- Analysis of monthly personnel expenses and balance accounts.
- Yearly preparation of budgeting headcount and personnel expenses
- Subject matter expert for payroll and wage tax
- Forecasting and trend analysis in the organisation

What you will need to succeed

- Bachelor's degree in HR or Finance related study or equal experience
- Ideally 5 years of experience in similar position
- Payroll & labor law knowledge in Netherlands
- Advanced Excel skills
- Analytical mind, attention to details and good presentation skills

What we can offer

Your hard work deserves to be rewarded. We offer a competitive salary and benefits package, including incentive bonus, 40 days of holidays and pension plan to ensure that you are fairly compensated for your contributions. We also support hybrid work option.

Your new company

Hitachi Construction Machinery is a world leading manufacturer of construction and mining equipment with a strong focus on a consistent development to provide customers with the technology, products and services that generate new value. Its employees represent a group of trusted experts while keeping continued focus on innovation and growth. Are you an independent and data-driven achiever focused on the performance that is looking to join our new multi-cultural, collaborative and an innovative team? If so, the we are looking for you!
