Job Description

Department: Production & Procurement

Experience: 5+ years

Working hours: Full-time

Languages: Native/fluent English

We are currently looking for a new colleague to join the position of Planning Coordinator at Hitachi Construction Machinery Europe headquarter in Amsterdam.

Person in this role coordinates translation of the sales demand / prospects into material and capacity needs.

What you will be doing

- Operations planning based on compiling monthly Operational Plans and scenarios based upon sales forecasts, supply chain and operations capacity constraints
- Coordinating, compiling and monitoring progress of production and material supply schedule
- Coordinating the ordering process of base machines
- Taking care of execution of SOX/COSO controls
- Supply plan control and improvement
- Executing of tasks according to ISO and other procedures
- Creation of base machine purchase orders according to forecast, lead time and pricing
- Coordinating the production at HCME factories based on set deadlines
- Maintaining up to date forecasts BOMs, percentage planning and SAP APO master data

What you will need to succeed

- BSc, BEng or MSc degree (education in either International business, Business Economics, Logistics Management, Supply Chain Management or Mathematics)
- Native/fluent English
- Previous experience with Sales and Operations Supply Planning
- Being driven by results and performance
- Strong analytical and Excel skills
- Familiarity with Integrated business planning (IBP) process
- Data-driven approach
- Good time management, ability to multitask, prioritize and meet deadlines

Your new company
